# FOREWORD

In presenting this 1963 CAT TALE, we sincerely hope that we have captured some of the treasured moments at South San Antonio High School. Our theme, "Highlights of South San," offers us an ideal opportunity to carry out our wish. In creating a yearbook to mirror the happenings of our school year, we have seen the people, places and activities, in a play on words, as HIGHLIGHTS of many forms. The special events and scenes of paramount interest are logically considered the true HIGHLIGHTS of the school term. To further picture the many facets of school life, then, our administration is seen as the GUIDING LIGHTS of our academic hours, while the students are presented as BRIGHT LIGHTS! Outstanding personalities are represented by SPOTLIGHTS, sports naturally by SPORTLIGHTS, and so on through this record of your 1962-1963 school days.

We hope you like it!

Billie Howell

Editor-in-Chief

# DEDICATION

In appreciation of his untiring efforts in our behalf, for his ever-present patience and for his never-failing help in the drama department, we dedicate this, the 1963 CAT TALE, to Mr. Thomas Collins. Because of the many extra hours he has put in and the extra efforts he has made, our school has become more esteemed in the community. The 1963 CAT TALE congratulates him on a job well-done!

# Business Education

Mrs. Madeline Croft
Mrs. Wilma McCrury
Miss Molly Robbins
Mr. Jack Burkholder

As our high school grows, so does the Business Education Department. This year, the department offered eight classes of Typing I & II, and three classes each of Typing III & IV. Thirty-one new typewriters were added, making a total of three instruction rooms for typing alone.

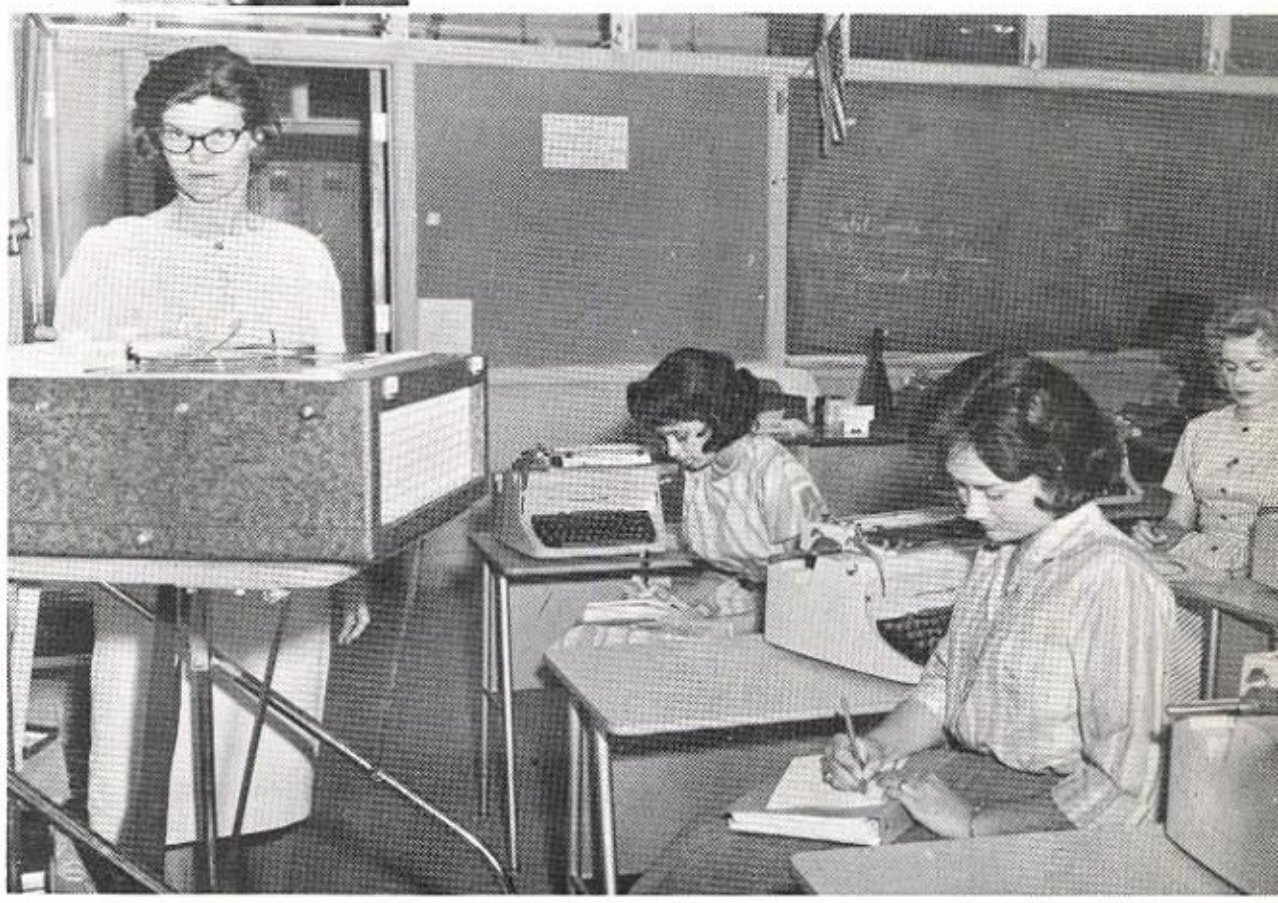
In addition, large numbers of students were enrolled in Bookkeeping and Beginning Shorthand. It is expected that second-year Shorthand will be on next year's schedule, in answer to a growing demand.

Students in these classes want either to be employed in an office after graduation, or go on to attend college. Our teaching aims are to help both groups. We feel that we are teaching the boy and the girl, not just typing or shorthand; we try never to lose sight of the "whole person."

Mrs. Croft supervises "office girls" as they check attendance sheets, an hourly job.

Mr. Burkholder gives his Typing I class their daily instructions.

Mrs. McCrury's Shorthand students have a change of pace - the shorthand tape.



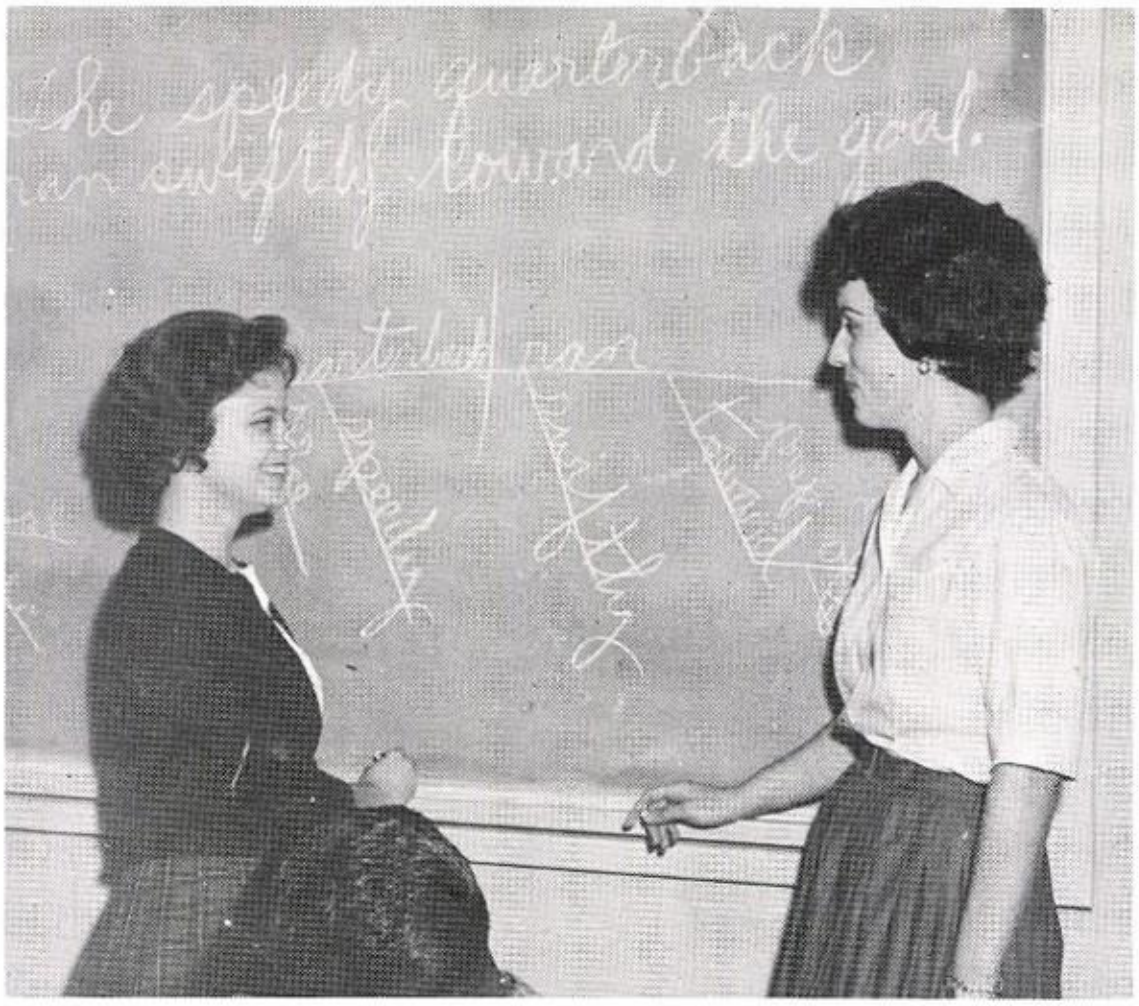
Miss Robbins points out the debits and credits to her Bookkeeping group.

# English

Once settled into school routine, the student of South San Antonio High School soon discovers that English is a MUST subject that no one takes lightly. If he does not already know, he soon learns from other students and from teachers that the ability to speak and write the language is rated high on the list of accomplishments expected of him in school and beyond.

Each year of English is in two parts; work in the first semester deals with grammar in all grades, while in the second semester each grade level studies a particular section of literature. Freshman and Sophomore literature is general in character but Juniors study American literature and Seniors take up English literature.

The American literature classes are often livened, as are other groups, by the use of special records correlated to the textbook (below).



Miss Ferguson makes sure that her students understand how to diagram sentences.

# Homemaking

Homemaking Education is centered on home activities and relationships which enable youth to assume the responsibilities of homemaking as family members today and later as they establish their own homes. The program is designed to assist individuals in acquiring homemaking skills and an understanding of human relationships which will help them achieve satisfying home living. Some emphasis may be given to the application of homemaking skills to wage-earning situations, and opportunities for careers in the home economics field.

The basic goal of homemaking education is to help the individual to live a useful and satisfying personal, family, and community life.

In order to achieve the goals of homemaking education, the program provides instruction in all aspects of home and family living. These include personal, family and community relationships; clothing, feeding and housing the family; management and family finance; health, home care of the sick, first aid, and child development.

South San Antonio Senior High School offers three years of homemaking and in addition, after each year of homemaking, a girl may get 1/2 credit for taking summer homemaking, which requires a minimum of one hundred hours of homemaking in her home, in addition to group work. Two summers of homemaking may be taken for credit, but each should be preceded by a course in homemaking.

# Industrial Arts

Mr. McFarling makes sure this project is put together properly, by all hands!

The courses offered in this area include metalworking, woodworking and mechanical drawing.

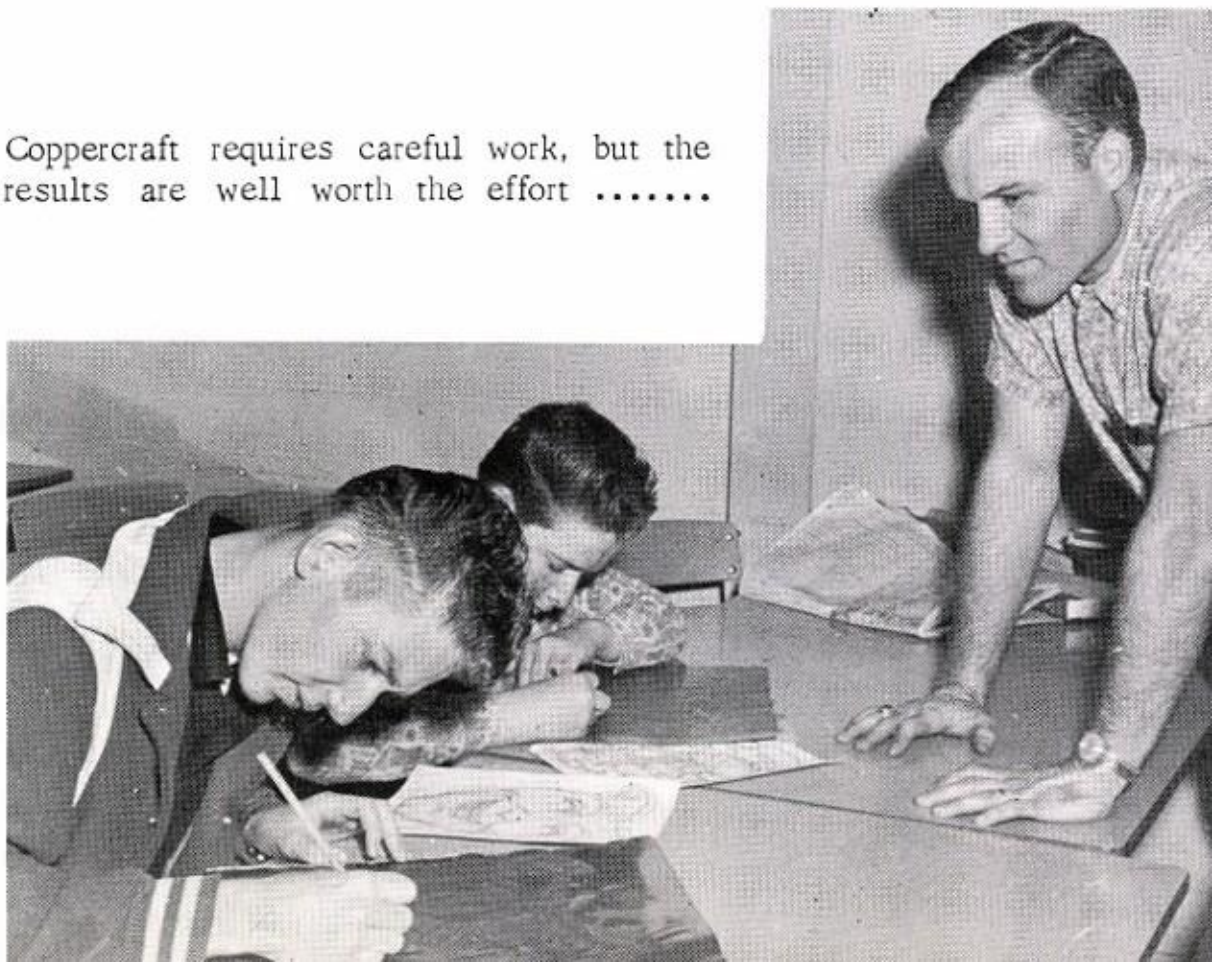
A basic knowledge of metals and their manufacture is given, with an emphasis on the main points on arc and oxy-acetylene welding, in the first year on metalworking. The second year consists of machine metalworking.

In woodworking, the first year student works on handtools, processes, types of hardwoods, finishes, and designs on furniture. The second year consists of machine woodworking which the emphasis is placed on furniture and cabinet making.

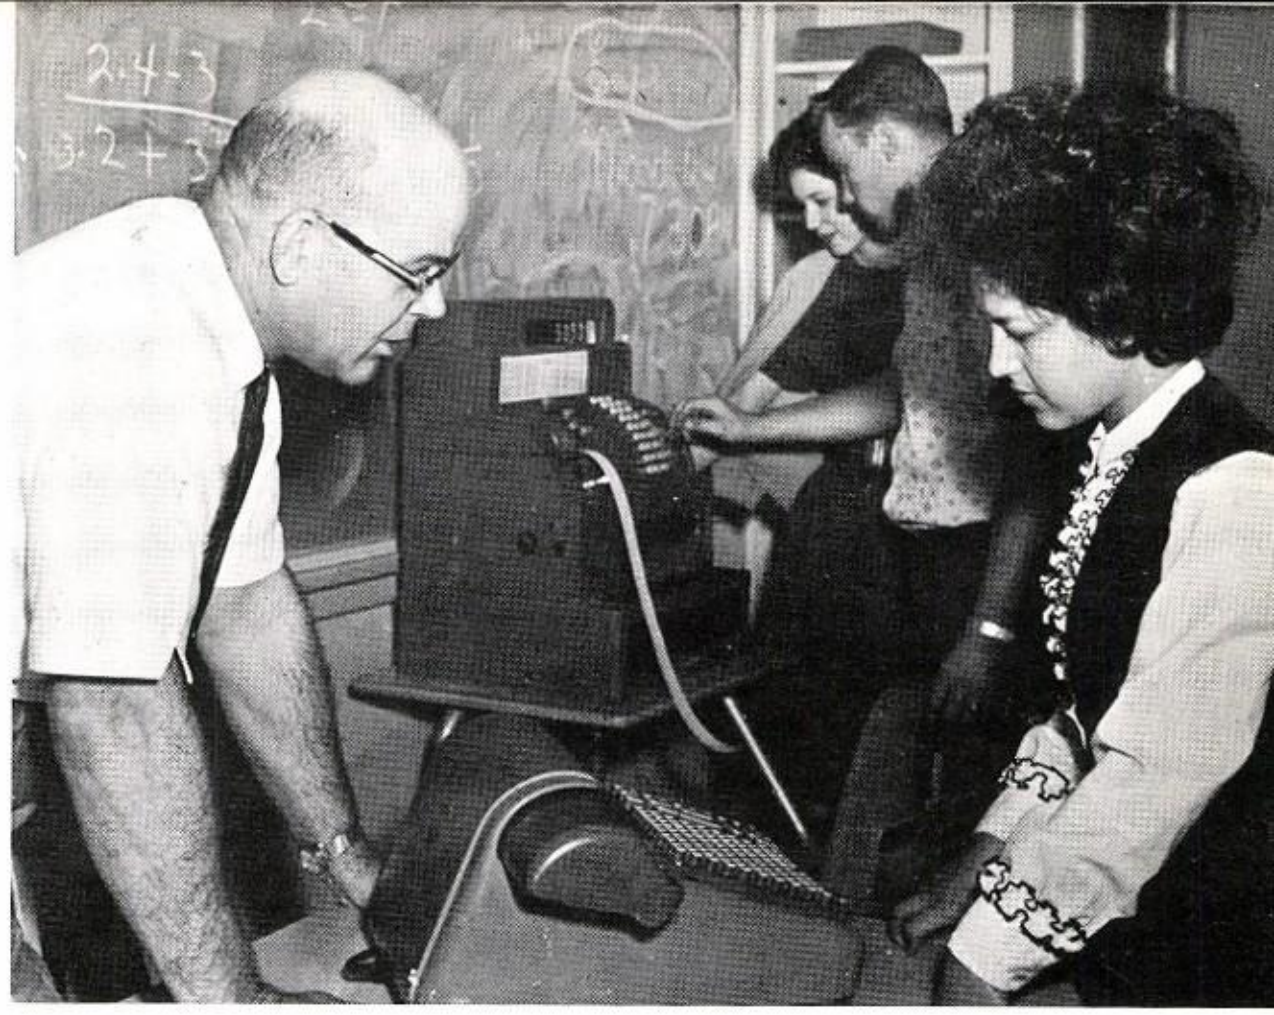
Mechanical drawing consists of drawing or mechanical problems in the first semester, with emphasis being placed on the basic procedures of a finished drawing. The second semester consists of architectural drawing with each student drawing the plans for his future home.

Mr. Robert Everett
Mr. Melvin McFarling

Coppercraft requires careful work, but the results are well worth the effort .....



# Journalism and Distributive Education



Journalism is an introductory course in news writing and editing. Its purpose is to develope fundamental skills, knowledge of principles and practice and an understanding of the place of journalistic writing in today's world as well as of the responsibilities involved.

The one-year course includes studies in newswriting form, editorial writing, headlining, advertising, make-up, and copyreading. The school newspaper, the Bobcat, functions both as a laboratory for journalism students and as a service to school and community.

In D.E. as we call it or Distributive Education, we study School and Store relationships, Store Speech, Store Organization, Store Inventory, and Store or Business Mathematics. One of the main values of the training course is the self-confidence the students acquire in their experiences with other people on their jobs.

Mrs. Sank Mayers
Mr. Carl Eakin

# *Mathematics*

"How can it be that mathematics, being after all a product of human thought independent of experience, is so admirably adopted to the objects of reality?"

--Albert Einstein

To help our students adapt to these "objects of reality," our curriculum offers Algebra I, Geometry, and Algebra II, for ninth, tenth, and eleventh grades. In the twelveth grade, Trigonometry and Elementary Analysis are available. General Math and Commercial Math are also available to meet present high school graduation requirements.

"Strange as it may sound, the power of mathematics rests on its evasion of all unnecessary thought and on its wonderful savings of mental operations."

# *Music*

The functions of the music department are two-fold. First, to teach students to develop an appreciation of music from classical to jazz, through actual application, by performing on an instrument or singing. Secondly, to develop the talent of those who may display exceptional ability.

The non-music aspect of this department is to teach discipline and a sense of responsibility, through team-work in the band and in the chorus.

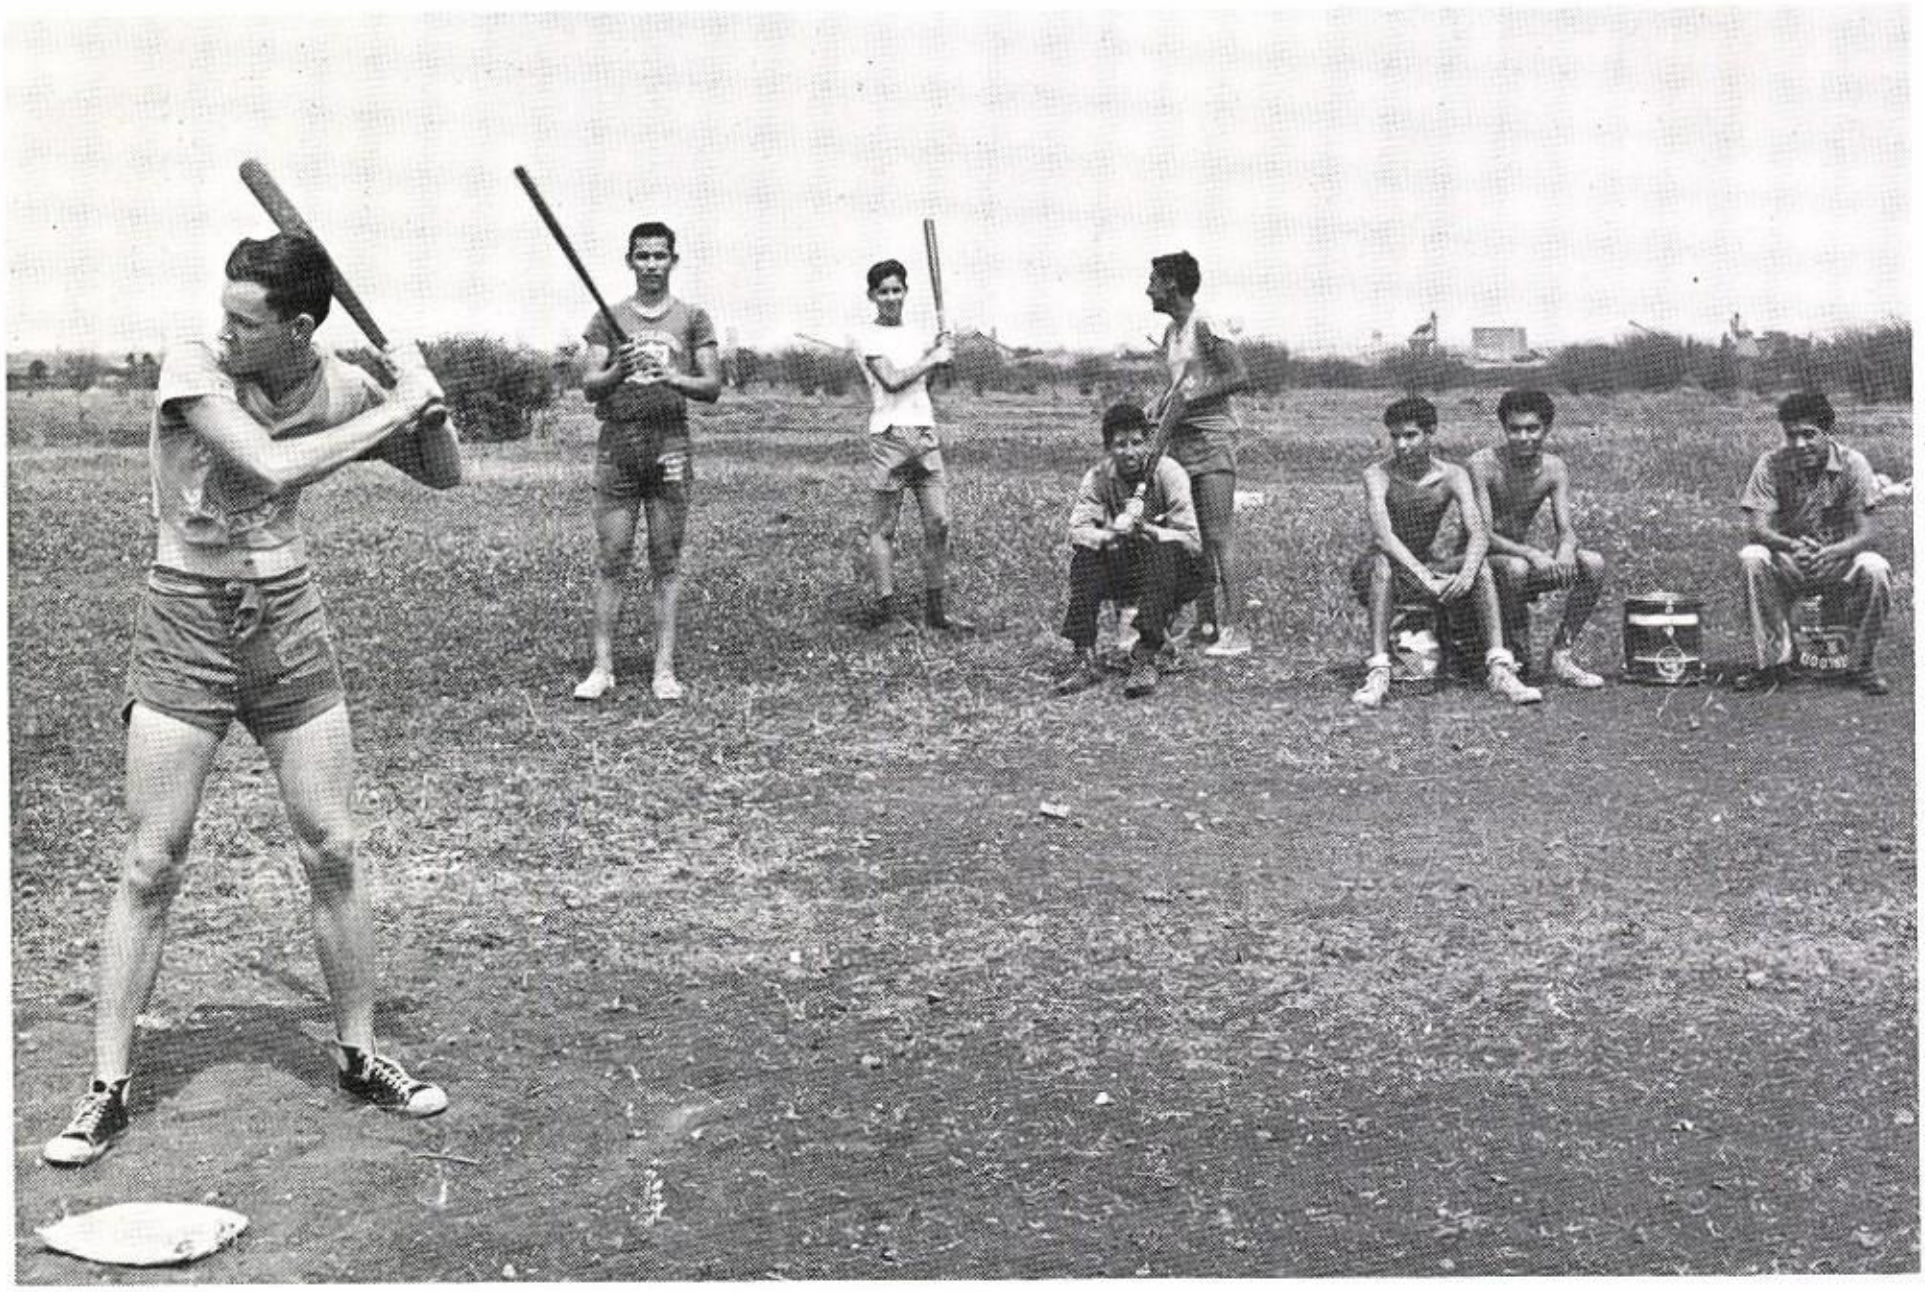
# Boys' Physical Education



The Health and Physical Education Department started the school year of 1962-63 with the giving of Physical Fitness Tests to boys of the ninth and tenth grade level. These tests will be given three times a year, starting next year. This program is set up by the President of the United States and his committee to help the younger generation stay in the right frame of mind and to keep his body in good physical condition now and in later life.

The remainder of the Physical Education program keeps the boys busy in touch football, basketball, track, softball, and volleyball.

# Girls' Physical Education

Miss Vera Holstien

Miss Amparo Ortiz

All girls in the first two years of high school are required to take two years of Physical Education. Girls' Physical Education program includes such activities as basketball, volleyball, softball, soccer, dancing, tumbling and track. Miss Ortiz is shown below directing her class in an exercise period.

# Science

The individual laboratory experiment by the student is a valuable practice in all high school science, but especially so in Chemistry and Physics. In the laboratory, students get first-hand experience with materials to be used in answering a vital question or solving a problem.

In Biology, students are taught useful terms, facts, basic laws and theories of this life science. The subject is taught as a laboratory course with the students putting into practice what they have learned in class discussions.

General Science is a course designed to stimulate the interests of the students in the various fields of science, and to prepare them for further courses offered in our high school.

# Social Studies

Mr. John Turman
Mr. William Carson
Mr. John Ferrara

Social Studies opens with orientation to high school for freshmen. How to study familiarization with school traditions--colors, song, mascot, development of school spirit--are parts of it.

Throughout the year, the students also learn about family relations, violationality, democracy, vs. communism, vocation, religion, and driving safety.

World History is the story of human beings living in groups, rather than the account of the lives of individuals. Developing historical mindness is just as important as developing talent in mathematics, and science. Not all students become mathematicians, engineers, or scientists, but all will become voting citizens. The student without some foundation in history will be crippled as a citizen.

American History, which is a required subject in the Junior year, helps to instill in the student an appreciation of the background of our country's history and a recognition of the importance of it in our lives. Classes also work to keep aware of events that are occuring now with special emphasis on what the basic students of our government means to our people. We believe that our supreme objective is: That each student will be the type of citizens we want and need.

Civics consists of the study of United States and Texas Government and their constitutions. It also teaches students about income tax and communism. Current events and local government are also covered throughout the year. The purpose of the course is to prepare students for college and life in an adult political society.

Mrs. Mary L. Williams

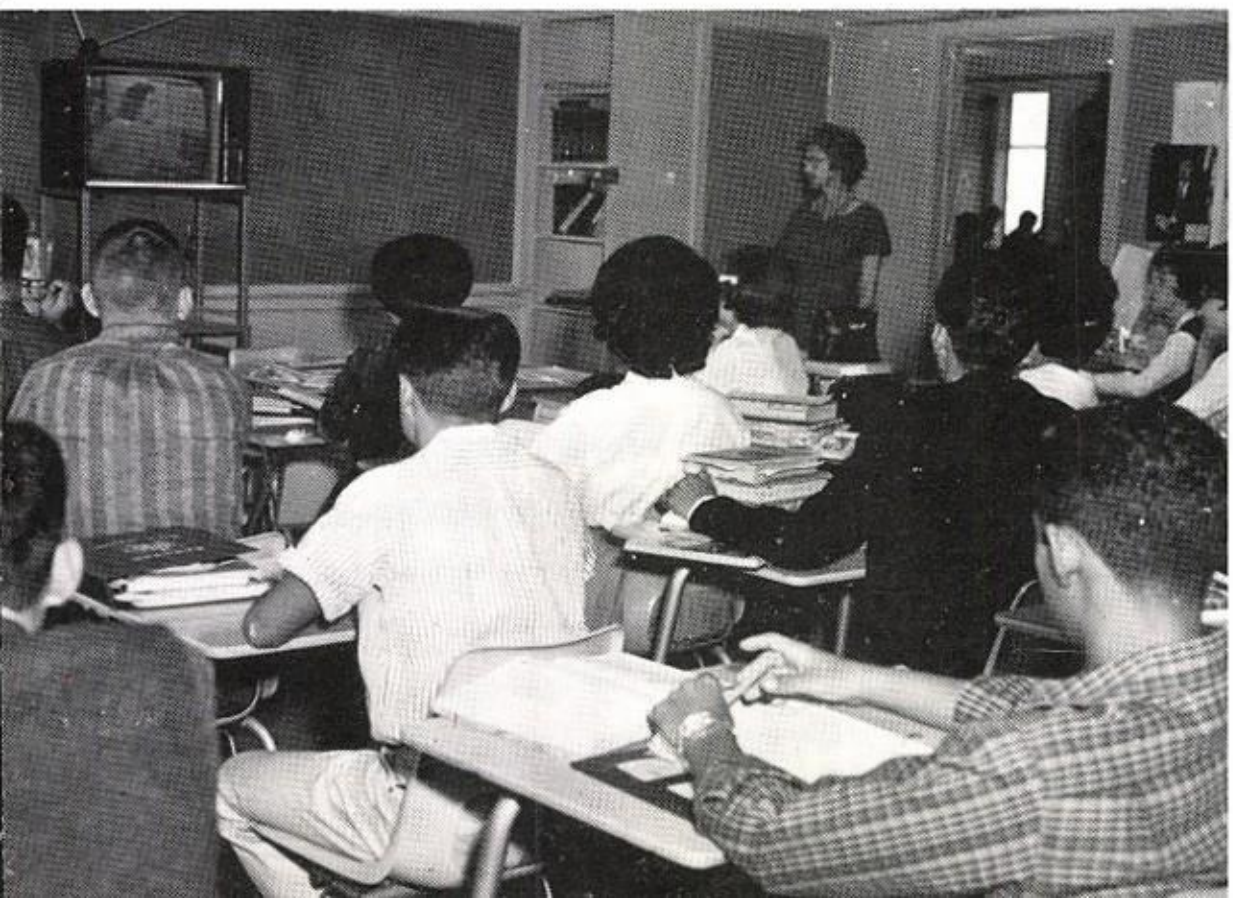
Miss Amparo Ortiz

Civics and American History students board chartered busses for their bi-annual field trip to see the state legislature in action, in Austin.

World History students use maps and charts to locate areas of both historical and present interest ...

Audio-Visual materials add greatly to classes in all areas, and are especially effective in Social Studies, as demonstrated in these scenes ...

In Social Studies classes, Freshmen are shown movies on various subjects, chief of which are vocational films ...



One of the most-recently acquired audio-visual tools to be used is educational television, viewed regularly by American History students to give their work more meaning.

# Speech and Spanish

SPEECH

Edwin Kraemer

Mr. Edwin Kraemer
SPANISH

In class, Mr. Collins guides students in an acting experience.

Speech classes give students numerous opportunities to gain poise, self-confidence, and knowledge through varied speech experiences, with emphasis on good voice development and diction. Classes study the basic fundamentals of public speaking by learning the basic forms of speeches and many variations of those forms, then later they further develop the fundamentals with additional varied speech experiences including group participation.

Speech department activities continue after school hours. Extracurricular activities include senior and junior full-length plays, the University Interscholastic League one-act play, and other U.I.L. speech events, all coached outside the regular school hours.

Two years in Spanish are offered to enable students to obtain speaking, reading and writing knowledge of a modern foreign language and to receive cultural understanding of the people whose language they are learning.

Mrs. Jones helps two girls with theme research.

The library, frequently called "the hub of a school," is not only where our study halls are scheduled each day, but also where students and faculty alike can find the answers to most of their questions. With all of the library materials available and the aid of the librarian, one can learn about everything from "civil disobedience" to the latest styles in hair-dos and hot rods!

Special Education

The Special Education Program has developed into an integral part of the Texas Public Schools.

The curriculum for educable retarded is based on a philosophy of individual difference in pupil growth and development. The program is so structured that each pupil may progress at his own rate of development without comparison to theoretical norms or others in his group. It is free of grade level stigmas and expected annual promotions. The program is a separate and distinctive curriculum track. Seven sequential levels of development are utilized in lieu of the twelve traditional grades of the public schools. A child may enter this program when he becomes eligible for public school attendance, and follow it to graduation. A high school diploma may be issued to educable students upon satisfactory completion of the seven levels of development.

At the high school level the emphasis is on learning a job. The job training may be for part day or full day. Emphasis is on vocational evaluation, planning, and suitable job training. The Division of Vocational Rehabilitation, through a vocational counselor, provides service to the student at this level through cooperative effort with the local school.

When the student has proven himself capable of holding a job and has completed the seven levels of the curriculum, he is eligible for graduation.

# They Also Serve...

We give much credit to our service personnel as they work "behind the scenes" to help us: the custodians, who strive to keep our school in good condition; the women in the cafeteria who work hard to keep US in good condition with well-prepared meals; and the maintenance men, who care for our campus in general. Our sincere thanks to all of them!

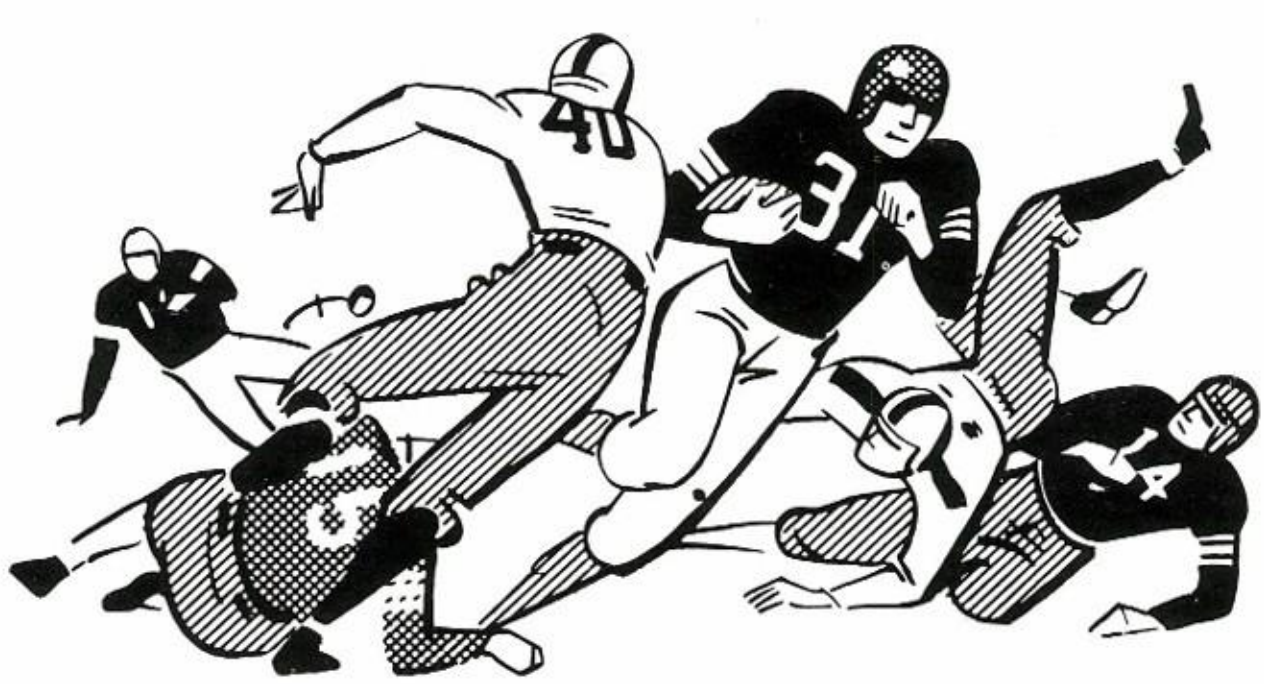
AUSTIN-JOHNSON

The Bobcats lost a heart-crushing game to Austin-Johnson when the Rams wound up an eighty yard drive from their own twenty yard line, the key play being a sixty-six yard sprint by the Rams. The final score was Austin-Johnson 6, South San 0.

HARLINGEN

The Bobcats, after suffering three losses and one win, went on the field with one thing in mind, to win. Even though the Harlingen Cardinals did their best to get ahead, their punt was blocked by the Bobcats and covered in the end zone with less than one minute to play.



UVALDE

Mario Lopez started off the game by returning the kick-off fifty-two yards, which Verstuyft soon turned into a touchdown. Faulk added the extra point. The second quarter brought six more points. In the meantime, Uvalde ran 77 yards for their only T.D. Lopez, Verstuyft, and Carroll each then scored touchdowns to end the game 31-6, South San. Outstanding on defense were Oberdorf, McAlister, Rodriguez, Carnahan, and Lightsey.

RODNEY GAMMANS
End

KERRVILLE

The Bobcats clinched a tie for district 15-AAA championship after stomping the Kerrville Tivy Antlers 38 to 8 on Tivy Field. Tom Verstuyft started the scoring with a TD from four yards out, then came Mario Lopez' 80-yard run for the second touchdown. After that came a score from Mike Carroll, then two more from Verstuyft and in the last quarter Tim Sessions raced 29 yards for the last Bobcat TD.

DEL RIO

After a scoreless first quarter, it seemed that neither South San nor Del Rio would score. But the Bobcats took care of this in the second quarter when Mario Lopez pitched a six-yard pass to Tom Verstuyft for the touchdown, then Lopez passed to Philip Dugger for the two-point conversion. Del Rio's touchdown came late in the fourth quarter.

EAGLE PASS

South San started like winners but it took the second quarter for Mike Carroll to get through for a touchdown. Lopez passed to Dugger for the extra points. Eagle Pass threatened this quarter but was stopped on the Bobcats' two-yard line. Gammans ran 33 yards for the Bobcats' last TD. Williams, McAllister, Carnahan, Lightsey, and Wilburn helped with their outstanding defense. The final score was 14-0, thus being South San's second district win.

JOHN MARSHALL

Mike Carroll started the game with 3:27 left in the first quarter by making a 55-yard run for a touchdown. Dugger then ran out a pass from Lopez for the conversion. Four plays later, South San recovered a Marshall fumble. Verstuyft went over for the second and last touchdown of the game. Gammans took the ball over for the extra two-points to end the scoring at 16-0 for South San. The closest the Rams got to the Cats' goal was to the twenty-yard line.

## Bi-District

Over 7,500 fans sat dazed while they watched one of the most exciting scoring duels of the bi-district conflicts. Both SouthSan and Pharr-San Juan-Alamo teams, rated highly in their defense, allowed more scoring than ever expected. It all started in the second quarter when P-SJ-A made 35 yards for the game's first touchdown. The kick for extra point was good. Nine minutes later, South San's Mike Carroll zipped 59 yards for a TD.

Later in the same quarter, P-SJ-A scored again on a pass. It took South San just two minutes to score on a pass from Lopez to Gammans, who raced untouched for 24 yards. Lopez dove over to put the Bobcats ahead the only time in the game, 14-13. After an exchange of punts, P-SJ-A booted a field goal from the Bobcat 15 to lead at half time. In the third quarter, Tom Verstuyft balled over from the P-SJ-A one-yard line, and Pedro Gomez helped make the final score 29-22, P-SJ-A.

January 22. . . . .John Marshall

Larry Black and Billy Jorgensen pulled us through by "the skin of our teeth" when Jorgensen came in the last few minutes with four fouls on him to tie up the score 48-48. Black then sank two and with foul shots from Alexander, Campos, and Jorgensen we ended up in overtime with. . . . .

So. San 58, Marshall 54.

January 25. . . . . .Uvalde

So. San kept Uvalde in its place when Billy Jorgensen, with 22 points, Frank Davis, with 18 points, and eight other team members scoring the other half of our points took Uvalde for district play. . . . .

So. San 76, Uvalde 41.

Little Kerrville Tivy gave So. San the scare of our lives when they came within one point of us in the last few minutes of the game. Larry Black gave us 19 much needed points to win the game. . . . .

So. San 48, Kerrville 47.

February 5. . . . John Marshall

Tuesday night at the Bobcat gym, the South San Bobcats clashed with the John Marshall Rams before a crowd of more than 1500 people-one of the largest crowds in So. San's history. Larry Black and Billy Jorgensen, the two South San aces showed a marvelous job. Marshall's hitting star, Mike Inselman showed for Marshall. South San came out with another victory, toward the state tournament in district play.

So. San 57, John Marshall 52.

"The Victorious Battle"

# Bi-District

Weslaco held the upper hand nearly all the way against the Bobcats who trailed as much as eight points in the third period. Billy Jorgensen brought the Bobcats to life with 12 straight points, but fouled out with 5 minutes left to go. With 46 seconds to go Black tied up the game with a basket. Larry Black scored another basket in overtime to win 47-45.

# Regional Champs

"Hustle and five boys scoring" was Littleton's description of his sharp team when they out-scored San Marcos 82-74 in Regional play. Texas Lutheran College witnessed the fourth time in a row that So. San has beaten San Marcos. Black was the man of the evening with 23 points. This beat San Marcos' high of 22 points. So. San led the Rattlers all the way but they came within 2 points of So. San with 1:31 minutes left.

Basketball boys wait patiently to be served dinner after victory over San Marcos.

# State Tourney

Coach Jimmy Littleton, Athletic Director and Head Basketball Coach at South San found out after the State tourney that he had been given the honor of coaching the South team at the Texas High School Coaches Association to be held in Austin. Coach Littleton is the first coach ever to be picked from San Antonio to coach a team at the convention. The South and North teams will clash one night during the convention. Congratulations, Coach!

# Bobcats Take Third in State

South San advances to the annual state tournament held in Austin on the Texas University campus in March. This will be the 6th straight trip for the Bobcats with one Championship.

The Bobcats were up against the Clear Creek Wildcats Thursday night and were defeated in a heart-breaking game to the South San audience. So. San 40, Clear Creek 42.

South San played Hurst Bell Friday morning for 3rd place and came out on top, with a victory of South San 64, Hurst Bell 60.

A good year was then ended for the Bobcat team.

In district play Larry Black, Billy Jorgensen and Billy Alexander were chosen All-District. Eddie Campos and Frank Davis were Honorable mentions.

Larry Black and Billy Jorgensen were chosen on the All-State team at the state tourney in Austin. Jorgensen was chosen as one of the top ten boys at the state tournament.

Billy Jorgensen was also chosen as one of the top 12 boys in South Texas to play in the Texas High School Coaches Association's All-Star basketball game to be held in Houston, Texas. Billy will receive a beautiful gold watch and will stay on the Rice University campus for one week with the other boys. He will be coached by Jimmy Littleton. We at South San are truly proud of both Billy and Littleton for such an outstanding job. We can truly say this is a job well done!

April 19, 1963...Eagle Pass

South San proved themselves when they went into this game undefeated and came out undefeated with a 15-5 victory over the Eagle Pass Eagles.

The Bobcats were able to push over nine runs in the sixth inning on nine hits.

April 23, 1963...Uvalde

The Bobcats posted their fourth straight District 15-AAA baseball victory after whipping the Uvalde coyotes 10-2.

Johnny Guzman was able to hold the Coyotes to three hits while Billy Jorgensen blasted two triples, one with the bases loaded in the second inning. George Magro and Meddie Lomas came out a two-run homer and three singles respectively.

May 7....John Marshall

The Bobcats clinched their eighth district title when they crushed the John Marshall Rams 17-3. Eddie Campos paced the attack with two singles, a double, and a triple. Meddie Lomas hit 2 homers.

May 10....Uvalde

The Bobcats closed out their regular baseball season with a 14-2 decision over the Uvalde coyotes. In the game Coach Gustafson used four pitchers-Mike Coffey, Johnny Guzman, Meddie Lomas, and Billy Markl.

Markl bagged a home run in the first with two on while Marvin Davis hit a two-run homer in the fifth.

# Bi-District

The first Bi-District game, South San 4-Mission 1.
The second game, South San 11-Mission 1.

Billy Jorgensen's marvelous hitting was a credit to South San and also Meddie Lomas who hit a base loaded home run. Johnny Guzman, our Sophomore pitching ace, was credited with winning the game pitching the full nine innings of the first game. The second game Bill Markl was pitcher and did a really great job.

# Regional

South San vs. La Vega

In the first round South San defeated La Vega in a great game at the South San diamond. . . . South San 5-La Vega.

The second game La Vega popped up and defeated South San 4-2.

South San was just a little hurt at this loss but came right back and played the third game at Austin and won with a 1-0 victory over La Vega. Bobcats are now on their 4th trip to the state tourney in Austin.

# State "Champs"

June 4, Tuesday, the South San Bobcats ran over the Jasper Panthers with a 1-0 victory. This exciting game took place on Disch Field in Austin. The one point was made when Johnny Guzman bunted and made it to first base and Meddie Lomas came in making South San's only point. Johnny Guzman, the brilliant Sophomore pitcher was the winning pitcher. This victory made South San half-way "Champs."

June 5, Wednesday, the South San Bobcats and Castleberry of Ft. Worth met on Disch Field. It was a great game with all boys "looking alive." South San showed a great performance with Bill Markl pitching the winning game. The winning score was South San 8, Castleberry 0. This was South San's fourth trip to the state tourney in Austin-also the fourth Championship for the Bobcats. This is truly a remarkable record for any high school team. Congratulations, Bobcats, and also Coach Cliff Gustafson! "Now for next year...!"

Anxious fans watch Bobcats display their talent.

The golf team went to several meets, starting with a 36-hole tournament in late February, at Del Rio. Next, during the first week in March, Russell Van Hellen and Frank Jennings played in the Border Olympics tournament at Laredo. Outstanding high school and college golfers make this one of the best tournaments of the year. Frank Jennings finished just five strokes off the winner which was very good as only the top golfers participated. Two more tournaments were attended later on, one at Corpus Christi and one at Bryan. Again, only the state's top golfers were present and our boys made a creditable showing.

The District 15-AAA Tournament was held at Willow Springs Golf Course in San Antonio, this year. Our boys finished fourth, just a few strokes off the pace. Kerrville and Eagle Pass were the winners.

The golf team also participated in intra-city matches at Willow Springs. They made some very good showings, winning several matches from various schools in San Antonio.

Three seniors, Frank Jennings, Russell Van Hellen and Ronnie Whitley, will be lost by graduation but the other six members will be back for more competition. Frank and Russell have participated since their Freshman year and have shown great improvement through their careers.

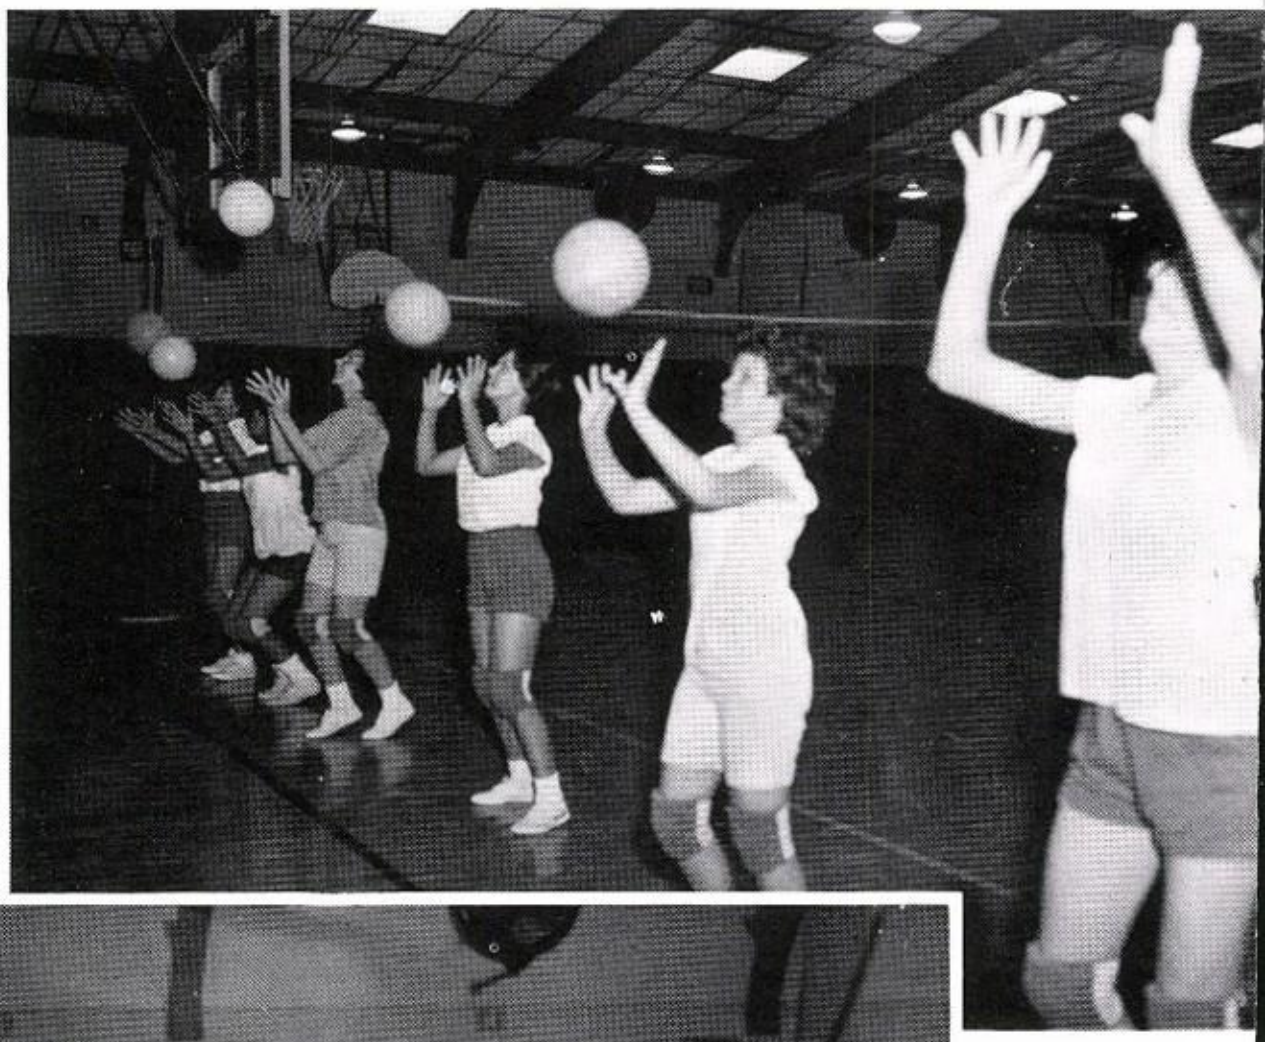
# Girls' Volleyball

The volleyball A & B teams, consisting of two seniors, four juniors, five sophomores, and three freshmen, began their practice sessions during the latter part of February. Their season ended late in April with games against East Central teams. Southwest and Southside were the other schools participating in the girls competition.



Rigorous training and hard work are factors these girls recognize as they test their skill at an after-school practice.

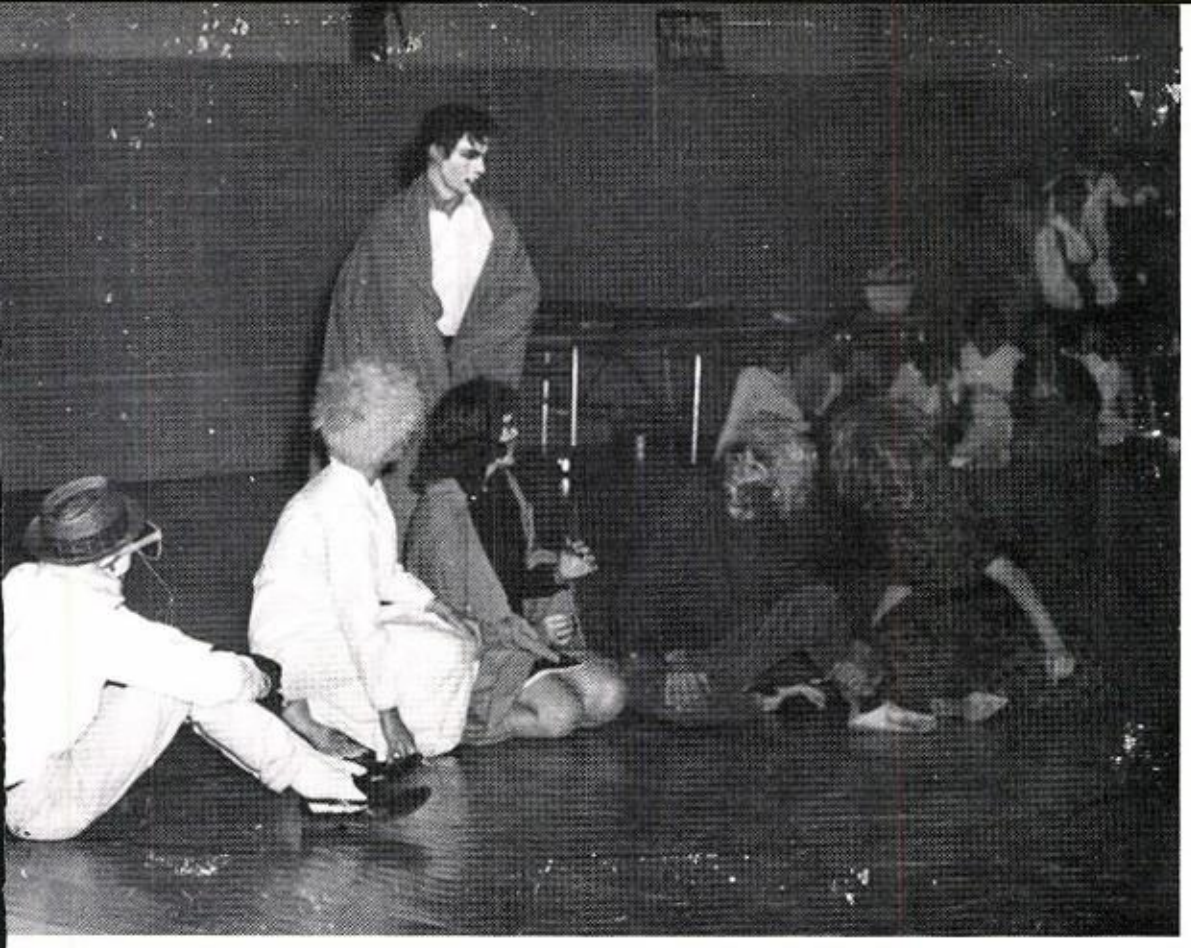
# '64 Graduates Participate

A good time was had by all at the Jr.-Sr. Prom.

The food committee for the Jr.-Sr. Prom make important plans.

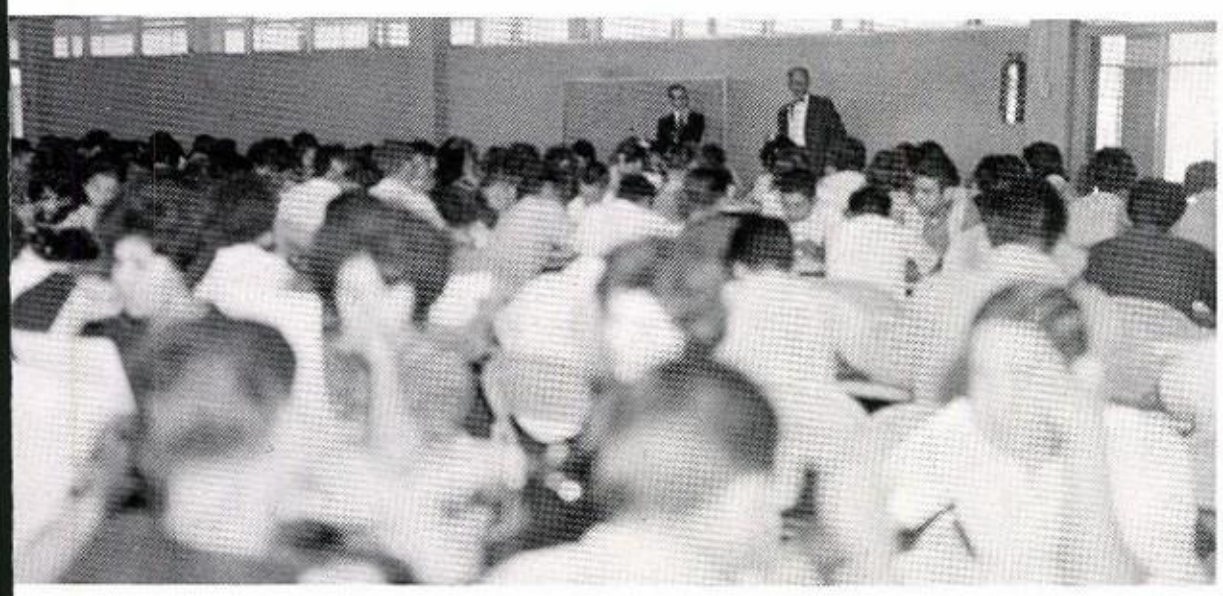
Juniors attend the DECA Banquet.

# Juniors Push Forward



"Now I've got this to say about that!"

Mr. Jennings gives a speech for the Prom.



Juniors pre-register for next year.

Boys' Volleyball-
They sure can hit that ball!

# Juniors Give Thought

Yes, it's getting to be that time for the Juniors! Here, they order their rings for "64."

What is Ernestine saying to Jo Ann and Doris? Maybe there was more to that basketball game than met the eye!

# Class Competition

Class Competition is an activity for all students and classes. There are five events: volleyball, basketball, art, attendance, and an original skit. The winner is the class with the most number of points at the end of a six week period, receiving a special plaque.

# For Future Years

The Junior class put on their annual play, this year entitled "You Can't Take It With You." Here Pat demonstrated her ability for dancing. "Keep on your toes, Pat"

# Jr.-Sr. Prom

Lucy Collins entertained the Senior Class with another one of her beautiful songs.

There was also delicious food served.

Mr. Kelley is always helpful, in committee meetings. Here he meets with the food committee.

This dance seems to have someone breathless!

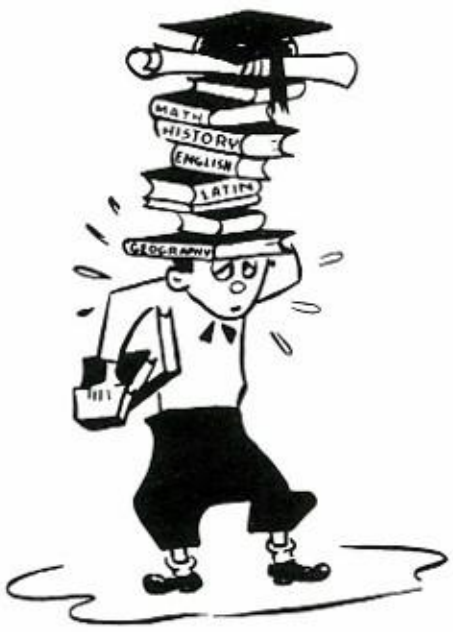
Our own South San High School,
Long may it stand;
Remaining ever victoriously
Throughout the land.

Our own South San Bobcats,
They'll fight you'll see;
We're all right behind them
'Till they gain this victory.

Our own South San colors,
Long may they wave;
Forever flying so gallantly
O'er our boys brave.

Our own South San Bobcats,
They'll fight you'll see;
We're all right behind them
'Till they gain this victory!



Every Freshman looks forward to the day they will receive this with much anticipation.

# Student

The Student Council's Activities fall into several categories: citizenship, scholarship, student-faculty relations, welfare, service, and improvement of school and Council.

This 1962-63 school year, the Council has sponsored the citizen-of-the-month awards to one boy and girl and the annual student election, as our citizenship activities.

In line with promotion of scholarship, the Council posted an "A" and "A & B" Honor Roll.

The Student-Faculty Relations Committee has carried out several projects including the teachers luncheon and "Apples for the Teachers."

The student body, led by the Council, presented a $40.00 gift certificate, with the cooperation of a local merchant, to a needy family at Christmas time and cooperated with the Bexar County March of Dimes in the T. A. P. carnival.

The students have been served through the Homecoming Dance, Twirp Week activities, and regular assembly programs of educational and entertainment value. A printed directory was published and sold for the convenience of the students. In line with publicizing the activities of clubs, the Council also has sponsored displays from each one in the front lobby. The Council cooperated with the Pep Squad and Band to sponsor pep rallies and engender enthusiasm for athletic events. A calendar of school activities is displayed for the information of students.

In leadership training, the Council has sent delegates to local and state conventions where they study how to improve the Council in all phases.

Three Student Council members work eagerly to put up Christmas decorations.

Student Council election has become an annual event at South San.

## F.T.A. PURPOSES

1. To interest young men and women in teaching as a career. 2. To provide its members with experience to develop the qualities and aptitudes basic to successful teaching. 3. To impart an understanding of the development and purposes of our public schools. 4. To assist in gaining an appreciation of the contributions that the public schools have made to our democratic society. 5. To provide information on vocational opportunities in education and the special competences required. 6. To aid in self evaluation. 7. To supply participation in prevocational activities which are both exploratory and developmental in nature. 8. To cultivate the qualities or personality, character, and leadership which are essential to good teachers.

The purpose of the National Honor Society is to offer some means of better stimulating and promoting higher ideals of citizenship than are realized through emphasis on physical prowess or mental accomplishments. Basic qualifications for membership are character, scholarship, leadership, and service.

The Morris S. Jennings Chapter, organized in 1945, attempts to furnish leadership in all areas of school life rather than to confine members' activities to N.H.S. At weekly meetings programs of educational value and interest are given. There are two social functions each year, and two induction ceremonies given before the student body (below).

# The Bobcat

The BOBCAT is a mimeographed newspaper published every two weeks by the journalism classes. Since it is the purpose of the course that each journalist learn all phases pertaining to publication, there is no regular staff. Pupils serve in one way at one time and another way as occasion demands.

Staff members leave school to sell ads for the BOBCAT.

In its columns, the BOBCAT reflects the life of the school. It is a record of happenings, but it is more. Its editorials express the policies and feelings of pupils on many subjects; it acquaints the faculty and pupils with one another; it attempts to catch the spirit of the school and record that feeling for all to see and read.

In its twenty-eighth year of publication, the BOBCAT is published this year by a conscientious group of pupils with a desire to serve.

# Future Nurses' Club

Mrs. Beatrice Richter
SPONSOR

The purposes of this club are:

1. To create interest and further explore the various medical fields.
2. To obtain and distribute information concerning the the education of nurses.
3. To acquire information on scholarships and loans.
4. To do volunteer service in hospitals on an individual basis.

During this past year, field trips were made to Lackland Hospital and Robert B.Green Hospital and School of Nursing. The related medical fields of physiotherapy, occupational therapy, medical technology, and X-ray technology have also been explored in respect to the education required of people in these areas and also the type of work done by them. These areas were actually visited within hospitals and the club members had an opportunity to talk with people working in these fields.

The possibilities of volunteer work in hospitals were also thoroughly investigated, and some of the members made plans to work during the summer.

At the present time this club is not affiliated with a national organization. This may be done in the future.

PRESIDENT

WHO ARE FUTURE HOMEMAKERS?

Future Homemakers of America is a national organization of pupils who study homemaking in junior and senior high schools. We work together for better and happier home life for everyone. We think that helping to make happy homes, now and in the future, is the most important thing that youth can do for a democracy.

South San Antonio Senior High School has one chapter of F.H.A. This chapter is made up of all girls who are taking homemaking or have had homemaking. The two homemaking classes of each period combine to form a Unit of the FHA with regular Unit meetings during class, once each month.

"May I help you? What magazine did you want?" These are familiar words heard in our library, every period of every school day. The Library Club, truly a service organization, supplied student assistants who help regularly in the library - checking books and periodicals, shelving, mending, and generally supplying library service to the student body, thus freeing the librarian for her professional duties.

This group is affiliated with the Teen-Age Library Association of Texas, sending delegates to both district and state conventions. Money-making projects for this purpose include selling ball-point pens and paper-back books as shown in the picture below.

The highstepping Bobcat Band could be called the heighth of school spirit at South San Antonio High School. Long before the school year opens, the band is working hard in summer band toward making the year a success. When football season starts, the band cheers the football team to victory and entertains during halftime. The end of football season does not end practice for the band. Under the direction of Mr. Meads, it continues to practice, only this time it is to make a good showing at the University Interscholastic League Marching Contest, held in the first week of December. The hard work was reflected when they returned with a "first" in inspection and in marching. Later they were preparing for Concert Contest in March.

These four girls add much to the zest, color, and spirit of the band. They work hard through football season preparing routines to perform in front of the band. Each girl also twirls a solo at University Interscholastic Twirling Contest. This year, there were two first divisions: Pat Pruett and Gay Callahan. The twirlers also march in front of the band during parades and all other activities in which they participate.

In addition, they like to help with promoting school spirit and are always ready to help the cheerleaders make posters, signs or help with the preparation of pep rallies.

# Cheerleaders

The spirit of South San began way before school started this year. Just as a good football team has practice drives in the summer, so do the Cheerleaders. In order to develop new yells and school spirit ideas, the 1962-1963 Cheerleaders attended a week camp at Galveston, and returned with a trophy for their cheering ability. They have been in charge of the pep rallies, pre-game signs, and decorations on the football field. All the Cheerleaders express congratulations to the students for their fine school spirit displayed, this year.

# Exit another year

Nineteen-hundred and sixty three-a very good year at South San Antonio High School. As every year has its obstacles, 1963 had it's ups and downs. Looking past these obstacles, we realize that this was a year in which much was achieved and learned by both students and teachers.

To sum up this year in retrospection has not been an easy task, but we sincerely hope you enjoy this record as much as we enjoyed producing it for you. To the talented and eager staff who worked so diligently, I can only say "thanks" for the many hours you worked to put out this book. To Mrs. Jones, our faithful yearbook sponsor, I could never find the words to express my deep gratitude for her unfailing help to each of the staff members, particularly myself.

But now the party's over. The past school year has become outdated and the look is now to the future for both freshmen and seniors. May this look to the future be as happy and bright-hued as this blue and gold CAT TALE.

Sincerely yours,

Billie Howell

Say Sweets it has been fun these few years, like this one has been. I think you are and still lovely looking just wish you wouldn't have to leave this coming year.
This has been a great Summer and just wish we could have a few MORE like it Maybe one of these days we will get together in MORE ways than ONE.

Hi ya twink,
It sure has been a blast for about the last few months. Don't forget Hondo's & the closet (b.). Nice. Stay a swinger & you'll never have any trouble getting friends.

Love ya babes

Billie,
you're one of the kind that I'll always remember. I have really gotten to know and like you these past 4 years. I wish you all the luck with you-know-who. I like your annual. Love ya,
Sharon
